

*We are delighted to announce that **British Gypsum** has won the **Construction Product Manufacturer of the Year Award** in the 'Hard Hats' Construction Industry Awards 2009.*

The entry detailed the company's exceptional achievements in World Class Manufacturing, sustainability and innovation including:

- The East Leake WCM Bronze award
- The company's instrumental involvement in the creation of the Ashdown Agreement and its significant contribution to achieving the results
- ISO14001:2004 certification
- Product and service innovations around GypWall EXTREME, Thistle Durafinish and the **WHITE BOOK** Education sector guide.

The achievement follows an extensive three-round selection process, in which the Awards are judged by an independent panel of eminent industry experts, chosen for their expertise across the construction industry.
