

Delivering the highest quality finishes **for New Era Square**

A landmark multi-use development in Sheffield, with over 4,000m² of retail space, 690 student flats and 16 private residences, including two luxury penthouses. Bowmer + Kirkland and architect Hadfield Cawkwell Davidson approached us for our technical knowledge and on-site technical support.

New Era Square, Sheffield

New Era Square is a special development designed to provide the highest standard of working, living and playing. The stunning exterior of the development needed an interior

to match, ensuring high-quality finishes across the entire multi-use destination, from the retail space to the luxury residences.

We care about building better.
