Gyproc DryWall Sealer
Safety Data Sheet

Health & Safety

1. Identification of the substances / preparation and company

1.1 Product identifier: Gyproc DryWall Sealer

1.2 Relevant identified uses of the substance or preparation and uses advised against

Priming and sealing of drylined systems prior to decoration.

1.3 Details of the supplier of the safety data sheet:

Supplier: British Gypsum
East Leake
Loughborough
Leicestershire
LE12 6HX

Telephone: 0115 945 6123
Email: bgtechnical.enquiries@bpb.com

This information reflects typical values and is not a product specification.

1.4 Emergency telephone number:

0115 945 6123 (+44 115 945 6123)
Opening hours: 8:30am - 5:00pm Monday - Friday (GMT)

NB - Language of the phone service is English.

2. Hazards identification

2.1 Classification of the substance or mixture:

If product is used in accordance with good industrial hygiene, then it is not hazardous. Can cause irritation to persons with sensitive skin. Contact with the eyes could cause physical irritation and possible damage.

3. Composition / information on ingredients

3.1 Mixtures:

A mixture of vinyl acetate emulsion, mineral fillers, and small quantities of organic additives, including an antibacterial agent.

4. First aid measures

4.1 Description of first aid measures:

Eye contact: P305 + P313 - If in eyes, get medical advice
P337 + P351 - If eye irritation persists, rinse cautiously with water for several minutes.

Skin contact: P264 - Wash hands thoroughly after handling.

Ingestion: P301 + P330 - If swallowed, rinse mouth with water (only if the person is conscious).

Inhalation: P261 - Avoid breathing dust.
P304 + P340 - If inhaled, remove victim to fresh air and keep at rest in a position comfortable for breathing.
P312 - Call a doctor, if you feel unwell.

General: Get medical attention if any symptoms persist.

5. Fire fighting measures

5.1 Extinguishing media:

Product is not flammable. Do not release water contaminated with these products into surface water drains.

6. Accidental release measures

6.1 Environmental Precautions

Do not allow materials into watercourses and drains.

6.2 Methods and material for containment and cleaning up

Scrape up any excess material before it sets, and place into suitable containers pending safe disposal to a suitable landfill site.
7. Handling and storage

7.1 Precautions for safe handling:

Handling - When handling buckets of product, due regard should be paid to Manual Handling Operations Regulations. Appropriate personal protection should be used whilst handling. Wash hands after use.

7.2 Conditions for safe storage, including any incompatibilities

Storage - Buckets should be stacked in a safe and stable manner. Store in dry conditions between 5 and 30°C. Protect from frost and direct sunlight.

8. Exposure control / personal protection

8.2 Exposure controls:

Do not eat, drink or smoke during use. Use personal protective equipment that is clean and has been properly maintained - store in a clean place away from the work area.

Personal protection

Eye / face
Avoid contact with eyes. Wear Eye protection to EN166 standard Category 5-K.

Hand
Wear suitable protective gloves to prevent prolonged or repeated skin contact. Recommended properties - impervious gloves to EN374 standard.

Body
Work clothing worn by personnel should be laundered regularly.

Respiratory
Avoid breathing dust.

9. Physical and chemical properties

9.1 Information on basic physical and chemical properties:

Appearance
Paste or fluid.

Odour
Low.

pH
7.0 - 9.5.

10. Stability and reactivity

10.1 Conditions to avoid
Avoid temperatures over 30°C and below 5°C. Avoid contact with acids.

11. Toxicology information

11.1 Information on toxicological effects
Not known to be harmful, if used as directed. Prolonged skin contact may cause irritation/rash. Eye contact may cause irritation/redness.

12. Ecological information

Product is not known to cause long-term environmental effects, if disposed of correctly. Product should not be allowed to enter drains/watercourses or allowed to reach ground/surface water.

13. Disposal consideration

13.1 Waste treatment methods:

Should be disposed of at a suitable landfill site in accordance with local environmental regulations.

14. Transport information

This product is not classed as hazardous for the purposes of transportation.

15. Regulatory information

Not classified as dangerous according to EC regulation 1272/2008 and its amendments.
Health & Safety
